

You won't bring me down

There's poison in the words you speak

There's hatred in the world you live

There's nothing you can do

Nothing you can try

You won't bring me down

You won't bring me down

eh!!! yeah!!!

You won't bring me down

I'd like to know

What you feel deep inside

All I see is hatred

Your world is full of pride

I wonder why

You just waste your time

Criticizing people

You're missing your own life

Now let me give you

This piece of advise

Time is running out

So go and live your life

There is a bunch

Of things that you can do

So get into your business
I've got the right to choose

Here's your chance to live your life
Turn away and eat your pride
It is written in the stars
Leave me be and kiss my ass

I'd like to know
What you feel deep inside
All I see is hatred
Your world is full of pride

There's poison in the words you speak
There's hatred in the world you live
There's nothing you can do
Nothing you can try
You won't bring me down

You won't bring me down
Even though you're messing around
