

## **Genocide**

[Dictator]

The perfect nation we want to live in  
Will need the blood of their enemies

Split men from women and take their offspring  
Don't look in the eyes of those little kids  
Just think of the glory the future will bring  
We're the chosen ones and they are just shit

The extermination of those who are weak  
Fair is the sacrifice to fulfill our dream

Exploit them like slaves starving to death  
Don't show any mercy is what they deserve  
Above God is watching as we carry out  
Divine his commandment, so we must be proud

[Jews]

Hear this silent voice  
We are the ones who never lived in peace  
Behold this genocide  
And the end of our seed

How can someone's hate  
Just get so easily spread like this  
Getting rid of us  
And the end of our dreams

The time has come  
For us to die  
Our dreams are gone  
A hideous crime

And as we breathe the gas  
as we close our eyes  
and we scream in fear  
we know the end is near

And as we say good-bye  
to our beloved ones  
A blackout of the soul  
And darkness floods is all
