

## **I dream that I can fly**

I dream that I can fly  
Sometimes I see myself  
Gliding in the sky  
Sometimes I do believe  
That this is just a dream  
Like a bird I'm feeling free

I dream that I can feel  
Our hands touching each other  
While we're walking on the beach  
I dream that I'm alive  
I carry you in my arms  
While you look at me and smile

(II)

I dream that I can fly  
Oh yeah! Huh! Oh!

I dream that I can run  
My legs feel light like feathers  
As I'm leaving all behind  
Sometimes I do believe  
That I can get off this wheel chair  
Spread my wings and fly

(II)

I dream that I can fly

I dream that I can feel  
Just free like the wind  
I fly above the sea

I dream that I can fly  
Sometimes I see myself  
Gliding in the sky  
Sometimes I do believe  
That this is just a dream  
Like a bird I'm feeling free
